

EXPERIENCE

Oxy Design UX/UI Design Intern

June 2020 – January 2021 Phoenix, AZ

Tasked with creating wireframes, designing UX/UI for websites, packaging client deliverables, and developing brand guides for a wide range of clients: Floatology, GreenWorx, Motovera, MMJ, Rider's United, Worship Support Network, & more.

- Designed visuals and experience for websites, web applications, and iOS applications
- Responsible for screen designs, prototypes, customer journey maps, and high fidelity assets
- Frequently conducted research and analysis to learn more about client's user base.

IG Live to YouTube Founder, Software Developer

Oct 2020 – Present Remote

A solo passion project, developed a software GUI to automatically record multiple influencer's Instagram lives & upload the videos to a dedicated YouTube channel. Written in Flask (Python, Javascript, HTML, CSS)

University Street Market Founder, Event Coordinator

January 2019 – Present Tempe, AZ

Event production and on-site event management. Facilitated communication between vendors and University personnel. Additional tasks included social media management, visual design & web development.

Freelance Portrait/Editorial Photographer

2015 – 2018 Sacramento, CA

Experienced in shooting primarily editorial & lifestyle portraits. Hired to shoot music festivals and concerts for print and digital publications (on-site and post coverage).
